

# Pureline OC6200 Anesthesia Oxygen Concentrator Convertible.

Use your existing VMS Matrix or LEI Medical M1200 machines and start saving money today!

**Pureline™**

by Supera Anesthesia Innovations, LLC

*Stop paying for tanks, refills, and deliveries. Stop wasting time on tank billing, scheduling, management, and maintenance. Instead, get your oxygen for free, the natural way—from the air.*

## Savings for you, safety for your patients.

Supera Anesthesia Innovations is proud to bring the revolutionary Pureline OC6200 O2 concentrator to veterinarians in the U.S. for the first time. While similar machines have been in use in Europe for years, Supera has perfected the technology, added safety features, and now is making this money-saving equipment available here. The built-in E-tank manifold allows mobile use of the machine without power. It also protects your patient in case of a power failure. The Pureline O2 Concentrator is FDA approved, UL tested, and backed by the industry's best three year warranty.

- Extracts medical-grade O2 from the air, delivers it on demand
- Energy efficient; average 12 cents a day to operate
- Built specifically for veterinary use
- FDA approved, UL tested
- Audible and illuminated safety alerts
- Backup oxygen supply
- Made in the USA, state-of-the-art manufacturing
- Industry's best three year warranty

## Pureline pays for itself in as little as one year.

Want to see how the savings could pencil out for your practice? ►

## Pureline pays for itself in as little as one year.

By eliminating the cost of oxygen tank rental or purchase, refills and delivery, management, Pureline can pay for itself very quickly. We've calculated these sample yearly savings based on an average three-to-four doctor practice, using anesthesia four hours a day at an average flow rate of 2 lpm, five days a week.

### Using E Tanks

Yearly usage	124,800 liters
E tank volume	680 liters
Tanks per year*	184
Refill per tank	\$20.00
Weekly delivery (52 per year)	\$1,040.00
<b>TOTAL per machine</b>	<b>\$4,720.00</b>

OC6000  $\$1,695.00 \div 4,720 = 4.3$  months

### Using H Tanks

Yearly usage	124,800 liters
H tank volume	7,051 liters
Tanks per year	18
Refill + delivery per tank	\$80.00
Tank rental per year	\$110.50
<b>TOTAL per machine</b>	<b>\$1,550.50</b>

OC6000 -  $\$1,695 \div 1,550.50 = 1.03$  years

## No extras to buy, easy operation too.

- No hoses or regulators to buy, store, or replace—ever
- Oxygen is “on demand”—never run out!
- Easy on/off; controls are large and easily accessible
- Sturdy chassis and low center of gravity for extreme stability
- Quiet 40-dBA operation
- Uses standard E tank for backup
